

DIGITAL AGENT: ALMA

VIDEO TRANSCRIPT

Meet Alma

Our digital agent for sourcing and procurement.

Alma is trained to understand common procurement terms and variation of common questions;

Improve the user experience so business stakeholders can quickly get the information they require;

Verify that products are purchased at the right price through preferred suppliers;

And eliminates manual routine tasks for seeking information.

There are two common use cases for Alma.

First, Alma provides information guidance on how to complete a task based on procurement's rules and policies.

Second, she tracks purchase order and invoice status and can provide status updates.

Discover how Alma can be a part of your digital procurement journey.
